

Help a CLEFT baby smile

The journey begins here ...

... help it lead to here.

The Royal Parks Half Marathon

Sunday 11 October 2009

Start/Finish: Hyde Park, London

How to enter: info@cleft.org.uk

When you donate to the charity CLEFT, you're part of that amazing journey.

Around 250,000 babies are born with clefts of the lip and/or palate around the world each year. In the UK, clefts occur in one in 700 newborns.

CLEFT aims to improve their care by funding research into the causes, treatment and surgical techniques.

Help us to help these children face the world.
